We invited Boris the Incredible to perform at our annual event, The Canadian Project Excellence Awards and Conference October 2008. His performance was thoroughly enjoyed by the participants and it was all they could talk about the next day! Not only was he absolutely entertaining, but he was able to judge perfectly his audience and match to their style. I would recommend Boris to anyone for small or large events.

In addition to the actual excellence in the performance, our experience from our first contact with Boris was superb in terms of professionalism, service, flexibility and customer focus.

If anyone wishes to ask me questions about our fantastic experience, please do not hesitate to call me directly at 647-206-1048.

Sincerely

Gina Davidovic
Director, Bay3000 and Chair of the Canadian Project Excellence Awards (CPEX)
