

December 22, 2023

On December 1st, 2023, we had the great pleasure of hosting The Incredible Boris to perform live hypnosis for our annual company Christmas party. It was quite the entertaining and magnificent evening. Boris had everything we wanted and more.

Many of our employees were more than willing to participate as a volunteer because of the way Boris created a safe and welcoming environment. We truly enjoyed the show!

Not only did we get a performance of laughter and awe, but Boris gave us a motivational speech, which touched the heart of many. Your passion for your work is unmatched and we were so glad to have you join us for our party. I would certainly recommend Boris to anyone looking for a hypnosis show, motivational speech, or just a good time full of entertainment. Thank you Boris for the energy and excitement you brought to the GMP Engineering!

Kind Regards,

John Lwis,

On Behalf of the GMP Engineering Team.
