**RE: Boris Cherniak, The Incredible Boris Hypnotist**

We had the pleasure of hosting Boris for the second time at our staff appreciation event. This year we had approximately 200 people in attendance and as expected, he was professional, personable, and easy to work with. As always, his show was entertaining, very fun and absolutely amazing! His experience and passion for what he does shows through his work on stage and in conversations behind the scenes. He loves what he does and that makes all the difference. After seeing him again, we are still in awe of how he is able to take a group of strangers and get them to come out of their shells in the best way possible. Our team and guests had a great time! Definitely a memorable experience!
