

February 11, 2010

On behalf of all of the staff, volunteers, companions, and residents at Maimonides, I would like to thank you for an absolutely INCREDIBLE show. The show was a full 70 minute of uninterrupted laughter and entertainment. Beyond this, as promised, your show was exciting, yet still completely appropriate for the workplace. It is incredible how your show is able to captivate so many people, ranging from nurses in their 20's to residents in their 90's. I truly have never seen our residents smile and laugh as much as they did throughout your performance. Laughter is a wonderful gift to share with our residents, and is reflective our approach of delivering "*More Than Care*" at Maimonides.

Again, thank you for being so much fun to work with, accommodating and for delivering a show that was better than anything we could have hoped for!

Regards,

Kim Heilpern
