

SURVIVORS OF STROKE NIAGARA

Support Group for Stroke Survivors and Their Caregivers

March 10, 2020

Survivors of Stroke Niagara, a Chapter of March of Dimes Canada, is a support group for stroke survivors and their caregivers.

On the evening of March 9, 2020, we had the great pleasure of welcoming with open arms our very special guest, **The Incredible Boris**. It was a most magnificent evening! Boris was everything we needed and more. He was funny, entertaining and inspirational. Everyone benefited from his motivational and positive approach.

Boris had the audience in the palm of his hand. Our members were more than willing to participate because Boris created a safe and welcoming environment. We had a lot of great laughs! Everyone went home with a smile on their face.

Here are a few comments from our members:

*"That's the best night I've had in months!"*

*"We needed a good laugh!"*

*"I feel pumped! I feel energized!"*

*"It was the most entertaining and uplifting evening full of laughter!"*

*"He is really amazing!"*

We would highly recommend Boris for any event. He is very adaptable to his audience and very personable. We would like to thank Boris for creating a very memorable evening for all of our members.

Sue Miller ☺
