**Re: Tim Hortons - Jur Family Group Holiday Party**

Dear Boris,

I would like to take this opportunity to thank you for making this year's holiday party a fun and memorable one. Our team members work very hard throughout the year so it is important to us that we recognize their contributions by celebrating the holidays with them in a big way. Each year we try to outdo the previous years, and this year's party was definitely the best yet!

Our team members and guests were captivated, entertained, amazed, and, most importantly, had a lot of fun! It was evident to us that you have a passion for what you do and you are really great at doing it. You are a pleasure to work with and we will highly recommend your services. Thank you again for the absolutely amazing show!

Kind Regards,
