Dear Boris,

It is with great pleasure that Weston Forest writes this letter of recommendation for you.

The Incredible Boris has an impressive portfolio and, after speaking with him about performing at our event, Weston Forest immediately booked and hired him to do his hypnotist show at our annual Gala in March 2017. We were honoured he confirmed that he would even do the show for us given that we knew he was a big time “Las Vegas” style performer doing major shows for large audiences.....and he definitely delivered like it was just that.

The act was a great success, and it was due primarily to Boris’ unique brand of humour and the amazing way that he kept everyone excited and engaged. Boris has a great stage presence, but also exhibits a certain type of charisma and charm that captivates audiences. He also has amazing material, and his show was very adaptable to the crowd in the venue.

We would not hesitate to have Boris entertain at our events again or even hesitate to recommend him for other similar events. He was a class act and a gentleman through and through. Thanks Boris!

Yours Sincerely,

Stuart Shecter, La-Tasha Morison and the team at Weston Forest
